

## Welcome to the Marketplace

SA BusinessHub now offers small businesses the opportunity to sell their products and services directly online, without investing in the setup of a complete e-commerce website and infrastructure.

The Marketplace allows suppliers to list their products or services LIVE within chosen categories, that means no software are required for the suppliers, everything is done directly online, and supplier have complete control over all aspects of their product listings.

SA Business Hub has more than 1000 visitors to its website each month. Suppliers will enjoy exposure of their products to all those visitors. SA Business Hub's newsletter has over 25 000 subscribers, and suppliers are featured in this newsletter with links back to the Marketplace.
